

**Just a Little
of
This & That**
By W. E. W.

He's Appreciative

A young man from Birmingham, Alabama, passed through Upland yesterday on his return trip, having covered the distance from Birmingham to Los Angeles on foot and through the "lifts" that automobilists had given him. He started out to walk, but automobilists insisted that he ride, and he has a good word for every overland tourist on the road, for he stated they had certainly been kind to him.

He left home with \$25 in his pocket in June, and when he arrived here stated that he still had between five and ten dollars left, and that he probably wouldn't have to draw on his bank account until he reached Arizona.

Although he was stationed in San Francisco during the war he had seen much of Southern California, and decided to spend his vacation from college on a long walk. After reaching San Diego he reported at the Chamber of Commerce headquarters and the secretary asked him if he was willing to wear a sign on his back saying: "San Diego, California, to Birmingham, Alabama."

He stated that he would be glad to wear it, but discovered that drivers of automobiles were under the impression that his mission was to walk the distance. After wearing the sign over fourteen miles to La Jolla, while thousands of motorists passed him up, thinking that he must walk, he removed the sign and the next driver brought him to Los Angeles. He obtained a ride from Los Angeles to Azusa Wednesday afternoon and from Azusa to Upland yesterday morning.

Yours Truly was going to San Bernardino and happened along at the right time to enjoy the young man's company to the Gate City. He was a well educated, well proportioned young man, and not only did he appreciate Southern California roads and the scenery, but said that the automobilists and overland travelers had certainly treated him very fine. He expected to reach his college the forenoon of September 1.

A lot of easterners go home with a groan because it costs too much to come here, etc., etc., but this young man probably won't spend over \$50 on his summer vacation, and he has seen more of the west and enjoyed it more than many men who spend large sums to see this part of the country.

Here's success and good luck to that young man.

No Doubt About It

An advertisement regarding a saxophone states: "If we should here state that we can teach you to play a saxophone in thirty days, would it seem incredible?" Not in the least, my dear, for we have heard many players whom it seemed to us had spent about an hour at the job. There are those who like the saxophone, and we haven't any quarrel with them, but personally the man who said: "If a musical instrument is a messenger of love, a saxophone must hate everybody," said a mouthful with a deal of truth in it.

We're For Him

Not many months ago City Attorney Ralph E. Swing consented to become a candidate for the State Senate, and no greater compliment could be paid him that the mere fact that no one is opposing his election. Upland probably appreciates Attorney Swing as much as any town in the county, for he is ever interested in the welfare of the town and counts among his best friends a host of Upland residents. Attorney Swing is not going to Sacramento because of the salary paid state senators, but because his many friends wanted him to, for if it had been a case of salary Mr. Swing could have made two or three times that received by state senators by simply devoting the time he will use at Sacramento looking after his law practice in this county.

Lady Luck, Thank You

Even the poorest of golf players must have a little luck now and then. Yours Truly was playing the annoying game the other day and as we approached No. 9 T with fear and trembling, that ravine in the foreground looked like the Grand Canyon, and once again we agreed with Horace Little, who said: "I'll be glad when we get that hole filled up with golf balls."

But Lady Luck evidently clung to our "south paws" with a determination that knew no loosening. Down on the green of No. 9 that always did look five miles or more distant, local golfers who play an excellent game were assembled, and evidently listening to stories that are told at the "Nineteenth Hole." "I'll put one right down there in their laps," said Yours Truly, at which R. C. Norton laughed in derision.

But Lady Luck stayed with us and not only was the stunt accomplished once, but twice did a little pellet place itself before that audience of accomplished golf players, and if never again we are able to make a golf ball crack as they are supposed to among "them that know," that little experience was worth all the lost balls, all the hunts, all the miles we have walked in an endeavor to play the game, which one day you are firm you know how to play, and the next—well, the next day it's really rather discouraging.

In making unusual plays in golf witnesses are always necessary. P. J. Guthrie stated recently that he made No. 8 hole in two. And when his friends asked him who was with him at the time he stated that he was alone. Of course, no one doubts Mr. Guthrie's word—his word is ab-

\$3.50 PER YEAR

STREET OPENING CASE POSTPONED TO NOVEMBER 14

Opening of Second Avenue from Eleventh Street to Twelfth Street is again held up through the case being continued until Nov. 14th by Judge George H. Ellis, of Riverside county, who presided in the San Bernardino County Superior Court Tuesday and Wednesday of this week.

Following the selection of the jury Tuesday, the members were excused, while defense attorney F. F. Oster offered a motion for a non-suit and submitted a lengthy argument to support his action. The arguments took up all of Tuesday and Wednesday.

Attorney Oster, who was formerly a Superior Court judge in this county, based his motion on his contention that the city had failed to produce evidence sufficient to condemn property and that the complaint did not state facts constituting a cause of action.

Upland's city attorney, Ralph E. Swing, presented his side of the issue under discussion in a most able manner, the result being that the non-suit plea of Attorney Oster was denied and the case continued until November 14th.

On the jury were William J. McCray, Holman Curtis, Gustav Gramlach, J. C. Amos, O. P. Johnson, C. Gentry, A. E. Ebert, C. N. Jackson, S. B. Fox, Thomas Dotts, H. H. Moore and Ray Stewart.

The opening of Second Avenue is to be stubbornly fought by W. A. Strong and Georgia B. Evans, owners of the property, who object to the proceeding and have opposed the idea from the start.

Indications are that when the case again goes into court the jury will have but one point to decide and that will be the amount of money to be paid Mr. Strong and Mrs. Evans for their property. The amount of money offered them by the commissioners for the property will not be a part of the evidence before the jury, but the evidence will be offered by both sides and then left to the members of the jury to decide as to the amount of money to be paid the owners of the property.

Some are of the opinion that the jury will not allow the property owners as much for the land taken as the commissioners offer, while others are of the opinion that the jury will allow them much more.

Indications are that it will be sometime next year before the opening of Second Avenue will actually take place. That the city will win the case is evident, as on every point thus far the city has been victorious.

The whole play is thrilling, but the fight for life under water between Louis Patie (Sydney Jordan) and David Brandon (Tom Mix) when they both sank beneath the surface of the lake and continued their battle under water, is perhaps the most realistic piece of work ever filmed.

On Sunday the chief feature is Pauline Fredericks in "The Lure of Jade," and the eleventh episode of "The Jungle Goddess" will also be given. Owing to the three-night run of "Turn to the Right," the episode was not shown. On Sunday the eleventh will be given and on Monday and Tuesday the twelfth episode of "The Jungle Goddess" will be filmed.

YOU FIGURE IT OUT

Mrs. Crawford—The question has been asked whether a woman of 30 is middle aged.

Mrs. Crabshaw—Certainly she is. If she wasn't middle aged she'd never admit she's 30.—New York Sun.

solutely good in all things—but when he made No. 8 in 2, he was alone—and here's bettin' he can't do it again.

Just a Matter of Names

H. C. Moore, secretary of the San Bernardino County Bankers' Association, was informed yesterday that the bankers' association was to hold a meeting last night. "I happen to be secretary, and if they are the honorable secretary doesn't know a thing about it," he developed that it was the San Bernardino County Bankers' Association that was to meet. As members of both associations handle double we see no reason why they should feel insulted over one being confused with the other. In one line it's perfectly proper for the dough to stick to your fingers, but in the other—vanish the thought.

SNAKE CHOKES BOY AT MENTONE CAMP

Sullivan, Marshall, a negro employed by W. C. Cline on road work being done near Mentone, had a more than unpleasant experience on Wednesday when he was awakened by a feeling of suffocation, and discovered a snake of the red racer species wound tightly round his neck and succeeding in a rapid manner in squeezing the breath out of the negro's body.

The gurgling noises Marshall made in an endeavor to attract attention brought help from others camping near, but it took the combined efforts of two strong men to get the snake away. The men working on the road were all sleeping out of doors in a camp near their work, and Marshall was fortunate in being able to get aid so quickly. Another twist or two would have throttled him to death.

OFFICIALS FIND A SERIOUS CONDITION

Startling allegations of violated trust and misappropriation of funds, said to be far more sensational than the charges on which F. E. Alford, former city manager of Ontario, was arrested July 21, are in the hands of Deputy District Attorney M. O. Hert, and will be revealed when the grand jury meets Tuesday to hear requests of Mr. Hert that Alford be indicted, the deputy district attorney announced yesterday.

The deputy district attorney, in charge of the probe of the bungled affairs of the city of Ontario's treasury, refused to announce the character of the latest evidence discovered by detectives.

"I cannot announce at this time the information I received today," said Mr. Hert.

Witnesses to Tell Story
"It will certainly send someone to the penitentiary, I believe," continued the deputy district attorney. "We will call witnesses before the grand jury probe Tuesday to tell the startling story."

The deputy district attorney was in conference with representatives of the city of Ontario behind closed doors in his office for nearly an hour yesterday.

Walter E. Byrne, of the law firm of Daley & Byrne, retained to represent the city of Ontario, said yesterday that he had heard that sensational evidence has been unearthed in the continuation of the probe of Alford's alleged misappropriation of city funds and the "doctoring" of city records.

Find New Features
"Every time we flip over this case," said Attorney Byrne, "we find something new and startling. I believe the new investigation will show that more than \$40,000 has been taken."

If the grand jury asks for a thorough investigation of the charges against the former Ontario city manager, it will be in sessions for two or three weeks, Mr. Hert said yesterday.

"If the grand jury wants but a general outline of the charges," said Mr. Hert, "the probe will be completed in two or three days, but if it wants a thorough investigation with a hearing of all my evidence, as I hope it will, the hearing may continue for three weeks or even longer."

Scores of witnesses by whose testimony the grand jury is expected to indict both Alford and John E. Huling, an alleged confederate of Alford, will be called to testify before the inquisitorial body Tuesday.

Alford, supported by influential residents of Ontario who believe in his innocence, is preparing to fight the charges of mistrust and misappropriation of funds of the city.

Every piece of property in either Alford's or his wife's name has been attached by the city, pending the hearing of a civil suit now on record by which the city seeks to recover its stolen finances.

MEXICAN HOME DESTROYED
BY FIRE
Although the Upland Volunteer Department made a quick run to the scene of the fire last Wednesday morning, the house, one of a group of forty put up by the Upland Lemon Growers for the use of their foreign employees, was totally destroyed with the furniture and property of the inhabitants, Senor M. Tegada and family.

The value of the building and contents was approximately \$1,000. The fire is said to have been started by the upsetting of a candle which was burning for some religious rite. The flames spread so quickly that the only thing the fire department could do was to prevent the blaze from spreading to the surrounding cottages.

The regular monthly meeting of the Woman's Auxiliary of the American Legion will be held on Monday afternoon at 2:30 in the Legion Club house. Mrs. Faunby, of Santa Ana, one of the state vice-presidents, will give an address, and all members are asked to be present, as her subject will be most interesting.

POLITICAL POT BOILS OVER AND RUSH FOR VOTES IS ON

The political pot in San Bernardino County has boiled over, all because labor unionites of the Gate City insist that it must be proven to them as to whether they run not only San Bernardino city, but the county as well.

Many outside the county seat will no doubt agree that the unions have been swinging the county capital about their heads for many moons, but whether they can take on more territory and continue the swinging is evidently to be proven by result of the election on August 29th.

Last night the union labor political committee endorsed candidates as follows:

For Tax Collector—J. L. McMin.

For Assessor—Noah Adair.

For Superintendent of Schools—Miss Isabelle Moore.

For District Attorney—T. W. Duckworth.

For Auditor—S. G. Berger.

For Public Administrator and Coroner—Charles L. Plack.

As director-general of the campaign N. L. Levering, famous road-builder and banker throughout the county, is evidently the main item. Mr. Levering is not much more enthusiastic on being director-general than some of the candidates are in having him given the title, but rumor tells that way.

The candidates endorsed by the labor union element are congratulating themselves on being endorsed, especially when they are holding forth in labor union territory, but when they get on the outside their main talk will probably be: "Of course, it is impossible for me to stop a certain class of people from endorsing me."

Just what the opposition line up to the above-named candidates will be is hard to say, but it will probably be something like the following:

For Tax Collector—C. D. Van Wie.

For Assessor—Albert E. Allen.

For Superintendent of Schools—Ida M. Collins.

For District Attorney—Geo. H. Johnson.

For Auditor—C. H. Shorey.

For Coroner and Public Administrator—The only three-cornered race for the District Attorney's office, and friends of Attorney Bates will, of course, support him, but as Geo. E. Johnson stands foremost with the American Legion organizations in the cities of the county, it is conceded that the fact adds strength to his candidacy.

REORGANIZE MOTOR AGENCY IN POMONA

The Carter Motor Agency, located for two years at the corner of West Second and Park, Pomona, has been reorganized, and will be known hereafter as the Valley Motor Company of Pomona. The new manager of the reorganized company will be Philip Clover, and with him will be associated R. B. Hartman, of the class of 1921, U. of C., who has been acting financial manager for the past six months, and R. H. Carter, the former owner. They will continue to handle the same makes of cars that have been handled by the former Carter Motor Agency in the past, namely, the Marmon, Chandler and Cleveland.

With the reorganizing of this company also comes the announcement of the distribution of Marmon cars in San Bernardino and Riverside counties. The Valley Motor Company will within the next 2 or 3 weeks open a branch in Riverside. R. H. Carter has just returned from a trip to the Marmon factory at Indianapolis, where he completed all details for the opening of the new branch at Riverside.

UPLAND POST NO. 73 HOST TUESDAY TO COUNTY POSTS

Upland Post No. 73 will be host at the next meeting of the San Bernardino Inter-Post Council of the American Legion, which will be held at the Steamers Hotel Tuesday evening, August 8, 1922.

Many of the legion members from other posts in the county have expressed themselves as being curious to see the cosy club house of Post 73, so following the dinner, which will be served promptly at seven o'clock, everyone will adjourn to the club house on Second Avenue to transact the regular monthly routine of business.

All the Buddies from Upland Post who plan on going to the dinner please notify the adjutant by Saturday night. If it is impossible to attend the dinner try and come to the club house on the business meeting at 8 o'clock.

NOW, SNAP TO IT, BUDDIES! SHOW 'EM WE'RE ALIVE.

SCENES FILMED IN HEART OF DESERT

For scenes in "North of the Rio Grande," a romantic tale, which carries its action above and below the border, the Jack Holt-Bebe Daniels company camped for several weeks at Mormon Flats, fifty miles from Phoenix, and in the very heart of the cliff dwelling and Apache country.

The play comes tonight and tomorrow to the Colonial theatre and is one of the most thrilling yarns ever filmed. It is a western picture and the drama moves with breathless speed from one exciting moment to another. Twin horses, an unusual novelty in a play, give a decidedly original twist to the story.

Beside the co-stars, Jack Holt and Bebe Daniels, others in the cast are Alec Francis, a former officer in the British army; Charles Ogle, who started life as a law graduate, but soon resigned in favor of the theatre; Will Walling, who takes the part of John Hannon, and several others equally as good.

E. H. HAURY SELLS HIS VARIETY STORE

E. H. Haury announced today that he had sold his store building and business and would give possession to the new proprietors about August 21st.

Haury's store has been a part of Upland's business activity for many years and Mr. Haury's retirement from business life here will be regretted by his many friends and patrons here.

Who the new proprietors are was not given out by Mr. Haury, but will be made public within the month. Before turning over the store to the new owners a stock reduction sale is to be conducted starting next Wednesday morning at 9 o'clock, and continuing until Saturday night, August 19th. Monday, the 21st of August, the new proprietors will take possession.

HEAD-ON COLLISION AT CUCAMONGA

Yesterday evening just after dark, what might have been a very disastrous accident occurred just east of the intersection of Tenth Street and Hellman Avenue. The young son of J. R. D. Pope, of Cucamonga, driving a cut-away Ford, collided head on with Ramon Cassius of North Cucamonga. Cassius was hurled to the side of the road, while the Pope Ford was tossed into the orange grove. Cassius escaped without a scratch, while young Pope, who was immediately taken to the home of his mother in Pomona, suffered a slight injury to one leg.

A LITTLE TWISTED

Vice-President Coolidge told this story at the Capitol the other day:

Some years ago a Maine farmer, in trying to repeat Webster's dying words, "I still live," got it somewhat mixed. A friend had just remarked to him, "Life is very uncertain." "Ah, yes," sadly replied the farmer, "that's true, every word of it; and, by the way, that makes me think of what some big Massachusetts man said when he was about ready to die. 'Who was it?' inquired the stranger. 'Well, I can't exactly call his name right this minute, but he was some big politician and lived around Boston somewhere. I remember reading in a book that when he died the people all put his picture in their windows and had a funeral for a whole day. 'It must have been Daniel Webster,' suggested the caller. 'Yes, yes, that's his name! Webster, General Webster. Strange I couldn't think of it. He got off a good thing just before he died. He riz up in his bed and says he, 'I ain't dead yet.'"

CHURCH NOTES

BETHANY UNION CONGREGATION
San Antonio Heights
The Christian Endeavor Sunday morning at 9:15; Sunday school at 3:30 p.m.; sermon at 4 p.m. by Rev. C. C. Burkholder, of the Brethren Church of Upland; prayer meeting Wednesday evening at 7:30.

UNION CHURCH SERVICES

The services in the Methodist and Presbyterian churches will continue as union services for the month of August. The pastor of the Presbyterian Church will have charge for this month. The morning service will be held in the Methodist Church and the evening in the Presbyterian. All friends are invited. Morning service at 11 and evening at 7:30. The Sabbath schools and young people's meetings continue in their own churches at the usual hours.

TAKES ISSUE WITH HALL'S STATEMENTS

San Francisco, Aug. 1.
The Editor Upland News,
Upland, California.

Sir,—In the issue of your valuable paper for July 21, 1922, appears a letter signed by Herbert C. Hall, Chairman of the Employees' Committee of the Pacific Electric, which contains the following among other statements:

"Steam and electric lines pay 7% and 5 1/2%, respectively, of their gross revenues to the state taxes, while it is safe to say that the automobile carrier pays not to exceed 1%. In addition, it has the free use of the state highways for its roadbed, which were built by the people at large. For the use and destruction of these same highways they are paying nothing. The lack of having to pay the same proportion of taxes as other carriers is one of the main reasons why the commercial auto and truck have developed to such proportions in the past few years."

In the first place, the "in lieu" taxes paid by electric and railroads which Mr. Hall states as 5 1/2% and 7%, respectively, (he seems unaware of a recent injunction granted by the courts) are not the "in lieu" tax at all, but the means of collecting that tax.

The tax on public utilities is annually ascertained by a valuation in public committee meeting of all the "operative" property of the public utility to be taxed. When this has been ascertained as nearly as possible the "ad valorem" taxes as they are called on these properties that the "in lieu" taxes displace, are estimated. Whatever this comes to, forms the basis for the percentage on gross.

In other words the percentage on gross is the actual tax as nearly as possible that the public utility would pay on its capital investment if it paid taxes as the individual taxpayer pays them.

This is the theory of "in lieu" taxation and will be found stated explicitly and in detail in Senate Bill No. 885, approved March 5, 1921.

As a cold matter of fact, the last legislature in taxing the motor carriers 2% on their gross, as they did in Senate Constitutional Amendment No. 35, levied a tax on the motor carriers' investment fully two-thirds greater than the electric 5 1/2% or the railroads 7% of their gross receipts came to.

As I see the matter, motor bus and motor truck transportation will be coordinated with the railroads probably on the line of taking care of the short-haul freight, leaving the field open to the railroads to become sole instruments in the long distance transportation, both of passengers and freight. It must not be forgotten that a ton of freight which moves thirty miles, or a passenger who rides ten miles, utilizes and needs terminal facilities just as much as a freight shipment or passenger moving a dozen times as far.

Thanking you for your attention,
Very truly yours,
MOTOR CARRIERS' ASSOCIATION
B. W. E. Travis, President

INCORPORATION PAPERS FOR COMPANY ARE FILED

Directors of the Superior Orchards Corporation, recently organized among San Bernardino valley's leading citrus fruit growers, including J. S. Edwards, president of the East Highlands Orange Company, yesterday filed articles of incorporation in the office of County Clerk Harry L. Allison.

The company will grow and market citrus fruits and is reported to be one of the strongest organizations yet founded among citrus fruit growers in the county. The directors are J. S. Edwards, H. W. Seager, C. S. Hunt, F. B. Erichsen of Redlands, and F. E. George of East Highlands.

The company is incorporated for a period of fifty years with a capitalization of \$500,000. The stock is divided into 5,000 shares of \$100 each. The articles of incorporation do not state how much acreage is owned or controlled by the company.

Attorneys Leonard, Surr & Heller, of San Bernardino, represent the corporation.

TELEPHONING IN JAPAN

In Japan, when the subscriber rings up, the operator may be expected to ask, "what number does the honorable son of the moon and stars desire?"

"Hohi, two-three."
Silence. Then the exchange resumes:
"Will the honorable person graciously forgive the inadequacy of the insignificant service and permit this humble slave of the wire to inform him that the never-to-be-sufficiently censured line is busy?"—Far Seas.

PERMANENT ROAD BY COUNTY IN SAN ANTONIO CANYON

Road improvement is not only to be on the program within the city of Upland, but following a visit of County Road Commissioner Cole here today several important announcements were made by Supervisor Grier.

Commissioner Cole, accompanied by Manager Glenn D. Smith of the San Antonio Water Company and the Ontario Power Company and Supervisor C. E. Grier, made a trip up San Antonio Canyon to Lee House Canyon as well as the west fork of San Antonio Canyon, and on their return announced that the county would take over the roads above Camp Baldy, in this county, would have them surveyed and straightened out at many points, and commence permanent work on them, so that those having cabins and desiring to go farther up in the canyon than the Camp Baldy Hotel, would have a satisfactory road over which to travel.

With Los Angeles County completing the rebuilding of its portion of the road and with this county announcing permanent work the result is bound to give San Antonio Canyon an excellent road from one end to the other.

Another announcement made by Commissioner Cole and Supervisor Grier was that in the West Tenth Street road, where the storm water broke through last winter, permanent work was to be placed there immediately and that on East Ninth Street at the city limits, where the road is in bad shape, work there would be done also.

TALKED AT LENGTH, BUT SAID NOTHING

Yesterday afternoon at the request of the San Bernardino police department, Officer Charles Hughes intercepted a former inmate of Patton, who, in company with a little girl, was en route to Los Angeles on the Pacific Electric. It seems that this lady, name unknown, was taken from Patton by her brother to his home in Highland. Yesterday it became known in charge of this little girl, her niece, whereupon she immediately decided to take a trip to Los Angeles. The niece, not to be outdone, attempted to notify the police and failing in this came right along with auntie. When taken off the westbound P. E. train here, the woman was cursing wildly and maltreating the girl. Immediately upon notification, San Bernardino officers came over and took her back to San Bernardino.

TALK INTO, NOT ACROSS TELEPHONE TRANSMITTER

In most respects the telephone is such an easy instrument to use that we are very likely to overlook a few simple and really obvious practices that ought to be observed in its use. For instance, the number of people who do not talk directly into the mouthpiece of the transmitter but speak across the mouthpiece, and often with their lips several inches away, is really surprising. Let the telephone user observe his own practice in this respect and bear in mind that the correct position is with the lips about but a fraction of an inch in front of the mouthpiece. To talk with the mouth six inches away from the transmitter cuts down the volume of sound which enters the mouthpiece thirty to forty times. It is as unsatisfactory as conversing with a person when he is thirty feet away rather than when he is but three or four feet away.

In case either party to a telephone conversation has any difficulty in understanding, a marked improvement will result from talking slowly and distinctly. In fact, at no time when using the telephone is any thing gained by rapid speaking. As an aid to understanding a telephone message when one's surroundings are noisy, the transmitter mouthpiece may be covered with the hand while listening. This shuts out the extraneous noise from the transmitter and prevents the reproduction of this noise in the receiver which the listener holds to his ear, where it would tend to confuse the distant speaker's voice.

These three practices, although extremely simple, will, if consistently observed, be found to yield results amply justifying the slight attention they require.

WAKE UP HAWKEYES

AUGUST 12th IS COMING
Judge Charles S. Crall, president of the Iowa Association of Southern California, is calling the Hawkeyes of this West Coast to rally for the mammoth picnic reunion which will be held in beautiful Bixby Park, Long Beach, all day, Saturday, August 12th, 1922.

It's a big job to reach 200,000 people and please help. Tell every Iowan you can and ask him to pass it along. Talk, write, telephone and be sure to tell the tourists.

Governor Kendall of Iowa and Sanford McNider the head of the American Legion have both been invited to speak.

HARDING'S BELIEF IN AMERICAN GENIUS

IN a recent letter written for publication President Harding said: "We ask no favors, but we do believe in American genius and capacity under opportunity." That is good Republican doctrine. It may well be lifted out of the ship subsidy connection in which Mr. Harding used it and applied to the tariff policy. Staunch Republicans of the old school used to make use of such phrases to justify the temporary imposition of high tariff duties. "We must protect our infant industries," said they, "but when the tariff has served its purpose and our industries are able to make their way, then we ask no favors, but we do believe in American genius and capacity under equal government." Because of his pride in party traditions, President Harding should be gratified to have called to his attention the fact that he has phrased happily one of the primary doctrines of Republicanism.

THE WORLD GOES FORWARD

THE Majestic, crossing the Atlantic in five days and 16 hours, causes quite a little excitement. Yet time has been reduced very little on the ocean in the last 30 years.

From seven days to six, to five and a fraction, the gains are steady, but considering the progress made in other directions, the percentage of gain is low. Comfort, luxury, safety, continuous touch with both shores by wireless, these have been increased to a high degree. But apparently those who wish to cut the speed of ocean transit in two, or three, with the possibility at any time of getting from New York to Liverpool in two days, from Tacoma to Yokohama in three or four, must look to the air for the accomplishment of their desires.

Air traffic is in its infancy as yet. It is quite likely that the fatalities among its pioneers are no greater than took place among the first navigators of dugout canoes. It is a long way from the dugout to the Majestic, and it is a long way from the most advanced of the air liners now plying daily between England and France and the ocean flyers of 30 years from now.

There never in all the world's history was a more interesting and breathless time to live in—not the period of Leonardo da Vinci and Savonarola—not the period of Shakespeare and Elizabeth—not that of Julius Caesar, of Pericles, not the most crowded periods of Egypt or Assyria or Chaldea—or even that of Noah and the Ark. In Noah's day, for example, admission tickets to the show were limited too strictly. Today with newspapers and radio we can all be in the fun.—Berkeley Gazette.

"LESS THAN DUST"

JAPAN still clings to the old order in certain instances. When a nobleman incurred the displeasure of his emperor, in the days when the social democratic party was a remote possibility in Nippon, he went home, placed his house in order and with gentlemanly resignation committed hari kari, thereby gracefully admitting his error and at the same time atoning for it. The family name in that way was relieved of any stigma and indeed, was ennobled, if anything, by the circumstance. Doubtless, the chauffeur whose car, because of a tire puncture, halted the northern tour of the prince regent, Hirohito, for thirty minutes, was governed by much the same motive noted in the nobility when he promptly retired to a place apart and, after wording an apology for his grave neglect of the prince's comfort, committed suicide. By what process he rejoined the shades of his forbears is unstated, probably, not by disemboweling, as a chauffeur would hardly find a sword handy for that purpose. No matter; he realized that he was less than dust on the imperial chariot wheel and at once decided to eliminate himself. If the American chauffeurs whose offenses toward society are so infinitely greater and more disastrous in consequences than was that of the driver of Prince Hirohito's car, had a one-hundredth part of his sensibilities from what myriad dangers and menaces pedestrians and others might be saved. Much may be learned from Japan.—L. A. Saturday Night.

AN OVERCROWDED CALLING

THE labor mix-up has developed that we have in America a scarcity of skilled labor, of builders of various sorts, of workers in iron and stone and wood. In the American country town, which of old used to feed apprentices and journeymen into the mill of our great cities, the apprentice in any useful calling is almost unknown. The newspaper office is always looking for an office devil. The carpenter is always eager for a helper. The blacksmith, the painter, the stonemason and the shoemaker—all are old men. When the present generation of skilled labor dies it would seem that their art might die with them.

But down in the garage the car flies are so thick you can stir them with a spoon. Out at the hangar the youth of the countryside is doing the ornate standing around while the workmen sweat and the farmer boy won't come to town unless he can ride in the car and have change for the movie. Youth will have its way, but it's a mighty poor way if the next generation is going to pay for its meal ticket.

About the only calling in the United States to-day overcrowded with youth is social secretary to the purveyor of soda swills. There the youth of the land is getting duck legged squatting on stools, and is so inveterately pressing up against the counter that it has gouged a bar crease across its belly. It remains to be seen whether or not that calling will buy shoes for the baby and keep mamma in bridge money. If it fails, this country is in for a bad quarter of a century.—W. A. White.

THRIFT HABIT GROWING

THAT oft-repeated charge that Americans are a wasteful people and have never acquired the thrift habit is given a hard jolt by figures on savings bank deposits just announced by the American Bankers' Association. The announcement that \$16,500,000,000 is deposited on savings accounts in banks of the country, including the postal savings system, does not impress the average person as forcibly as when this figure is reduced to per capita terms. Thus apportioned it represents \$165 for every man, woman and child in the country.

Many of the country's leading bankers looked for a substantial dropping off in savings deposits from the peak reached during the hectic war days, but instead the total has increased by many millions. This would indicate that Americans have cultivated the habit too well to rush to the banks for their "rainy day" fund at the first signs of adversity. The savings account has become a firmly established institution in practically every American home, a permanent result of the Liberty loan drives and war thrift campaigns that make pessimism about the country's future look silly.—San Bernardino Sun.

DON'T BE AFRAID TO TRY

WE fail to learn useful things in life by our silly fear of looking foolish while we learn.

Notice how a child learns. He stumbles, totters, falls, picks himself up and goes at it once more. At last he acquires that coordination of balancing and motor muscles which enables him to walk upright like a man.

He learns to talk by an endless method of trial and failure, by the imitation of sounds which he at last comes to pronounce correctly.

The child doesn't care if you laugh at it. It laughs with you, but keeps right along trying and learning.

How many grown-ups do we know who will not learn to dance because "beginners look so ridiculous," or who will not learn to play tennis or golf for fear some one will make fun of them. Afraid to try.

How many Americans take a smattering of French or German abroad and are afraid to talk it to foreigners until it has been corrected into shape. So they spend their time over there with fellow Americans and hotel servants who speak English, and never establish communication with the natives. Afraid to try.

How many of us miss the social and intellectual improvement that comes from associating with our betters. That involves humility, the willingness to stumble and make mistakes and learn from them. Easier, of course, to sit around in shirt sleeves with the old crowd and talk shop or gossip. Afraid to try.

We miss half the information that could be ours through simply asking questions.

Ask, try, learn. Never mind those who laugh at you. You will laugh later and longer.

Don't be afraid to try.

HIS JOB ETERNAL

Senator Harrell, of Oklahoma, tells of a fellow who was elected justice of the peace, and upon finding that one of his duties was to render an annual report, rushed down to the village printer to order a supply of blank reports. "How many do you want?" asked the printer. "Oh, about 500," airily replied the new J. P. as he hustled back to his office.

CUCAMONGA

C. B. Molsinger has invested in a
piffy new Ford sedan for use of
his family. Mrs. Molsinger and
daughter, Miss Harriet Wilcox, have
taken apartments at Hermosa Beach,
where they will enjoy the cool
reezes of the Pacific for two weeks,
going down Saturday, August 12th.
They will be joined there by Mrs.
Molsinger's sister, Mrs. Richard Han-
son, and two children, of Riverside,
and Mr. Molsinger will motor down
on the week-ends.

Mr. Karl Forster and Mrs. Arthur
Forster and little daughter, are home
from San Francisco, after an absence
of several weeks in the north.
Mr. and Mrs. Chas. Bauer and
daughter, Miss Hazel, were among
the pleasure seekers enjoying a
week-end visit at the popular New-
port and Balboa Beach resorts.

G. T. Morris and family left Wed-
nesday on a little vacation camping
trip.
Mr. John Whitson was in San Ber-
nardino Monday, attending the meet-
ing of the Supervisors, relative to
the Hellman Avenue storm drain
proposition, bids for which work
have been called for a second time,
Aug. 14th being the date set for
the opening of the bids.

Mrs. Jos. Strieby, who has been
visiting at the home of her sister-
in-law, Mrs. W. C. Belden, has left
to spend the balance of the summer
months at the family cottage at
Lytle Creek.

Mr. and Mrs. John Hawker, of
Olive Street, Alta Loma, are the
happy parents of a fine baby girl,
who arrived Sunday afternoon at the
San Antonio Hospital, and all doing
nicely. Little Miss Alice Hawker
is delighted at the prospects of a
baby sister in the home, and her
many friends are congratulating her
also on her improved health. She
will be allowed to sit up soon, and
it is hoped, will be able to be up
and about before many days have
come and gone.

Mr. and Mrs. John Lundeen and
children spent Sunday at Newport
Beach, motoring down in their new
Paige touring-car. Their daughter,
Miss Ruth Lundeen, who graduated
from the University of California at
Berkeley last June, and who has
since been attending summer school
in the north, is expected home soon
for her vacation. She will leave
again for the north in September,
where she expects to teach the com-
ing year in one of the schools at
Stockton, Calif.

Mrs. Henry G. Klusman and daugh-
ter, Miss Vivian, are leaving today,
Friday, for Long Beach, where they
have leased apartments for the
month of August. Miss Catherine
Klusman will keep house for her
father, motoring down with him for
the week-ends. Mrs. Klusman will
be joined at the beach by her daugh-
ter, Mrs. Harold Anderson, of Red-
lands, who has been spending a
week or two at Long Beach.

Mr. and Mrs. Arthur M. de Berard
and two children, Billy and Bobby,
accompanied by their brother, Mr.
Walter de Berard and family, of
Ontario, motored down to Long Beach
Sunday, where the Arthur de Ber-
ards secured accommodations for a
two weeks' outing at this popular
resort, returning to the beach on
Tuesday.

Miss Bessie Stipe left on Wednes-
day for Los Angeles, where she will
visit friends, also at Redondo Beach,
over the week-end holiday.

Mr. and Mrs. J. A. Larson, of
Turner Avenue, entertained Sunday
their brother, Chas. Gates, and a
party of friends, who were en route
to their home in Globe, Ariz., after
a vacation trip to Oregon and re-
turn. Mrs. Keegan, who has been a
house guest of her sister, Mrs.
Larson, spent the week-end visiting
in Los Angeles and Hermosa Beach.

Mr. and Mrs. W. H. Stipe and
daughters, Misses Bess, Theresa and
Lucille, joined the procession of
motor cars making the trip to Camp
Baldy and return Sunday.

Mr. and Mrs. Arthur G. Phelps
and family are enjoying a week's
vacation at Newport Beach.

Mr. and Mrs. Sam Rowe, accom-
panied by their cousin and house-
guest, enjoyed the thrilling trip up
Mt. Lowe on Sunday last. Miss Dor-
othy, who has been spending the
week school season at the home of
her cousin, Mrs. Rowe, expects to
leave soon for Chicago, where she
will enter school at the fall term.

Mr. and Mrs. Arnold Weber and
children are taking advantage of the
ideal weather for camping, and fully
equipped with tent and all camping
conveniences, are enjoying life in
the open and the lure of the won-
derful scenery to be found from
Laguna Beach south to Escondido.

They will be gone a week or two.
Henry Klusman, Jr. ("Pete") has
been at Big Bear Valley camping
with a party of friends, the lads ex-
pecting a week of enjoyment fishing,
hunting and other mountain sports.
The weather-man proved a fickle
friend, however, and a drizzly rain
cutting in on their camping outfit
determined the boys that "there is
no place like home," and to home
they returned Tuesday afternoon.

Misses Ilena and Gabrielle Lucas
are leaving today for Pasadena,
where they will visit at the home
of Miss Teresa Scanlan over the
Sunday week-end.

Mrs. Maria Moeller was in Los An-
geles for the day Wednesday, going
in on business.

Mr. and Mrs. Harry Cook and
children motored to Newport Beach
Sunday for a day's enjoyment amid
the usual beach diversions.

Mr. and Mrs. Edward Secker and
little son, of Los Angeles, were Sun-
day visitors at the home of Mrs.
Secker's sister, Mrs. E. G. Eyman
and family. They were joined at a
picnic lunch by another sister and
her husband, Mr. and Mrs. Herbert
Powellson, now of Upland.

Mr. and Mrs. E. S. Bishop returned
Monday evening following a
pleasant week-end visit at the home
of Mrs. A. L. Miller, in South Pasa-
dena. They also visited the home
of other old friends, Mr. and Mrs.

Frank M. Frost, who are delight-
fully located on their new poultry-
ranch home at San Gabriel, which
include two and a half acres splen-
didly equipped for the raising of
fancy poultry, fruit trees of all kinds,
a wonderful garden and a beautiful
home. Mr. Frost, who was with the
Santa Fe for years, is now devot-
ing his entire time and attention to
the poultry business, which in the
past had always been his special
hobby.

Mr. and Mrs. S. P. Kincaid and
son, Sterling, motored over to San
Bernardino Sunday, where they vis-
ited their sister, Mrs. A. S. Guthrie.
Mrs. O. R. Hale visited in San
Bernardino for several days last
week.

The Cucamonga Feed and Fuel
Company have purchased through the
Ontario agency a Studebaker Light
Six touring-car.

Mrs. Sarah Shafstall and daughter,
Miss Jessie, motored to Los Angeles
Wednesday for the day, driving in
with friends, Rev. Cone and Mrs.
Cone, of San Bernardino, who were
on a vacation trip to San Francisco.
Rev. E. E. Hale, the new pastor
of the Nazarine Church, and Mrs.
Hale, were genial hosts to members
of their congregation and their
friends, on Friday evening at the
Nazarine parsonage, on Archibald
Avenue. Games and music provided
an evening of enjoyment with the
serving of dainty refreshments dur-
ing a social get-together hour.

A two weeks' revival will be held
at the Nazarine Church, to commence
within a short time. Watch for the
announcements.

Quite some excitement prevailed
among the community children last
Sunday when they were startled by
a visit from a dear old friend, jolly
old St. Nicholas, who, accompanied
by his private secretary, minus bells
and reindeer, arrived by way of the
automobile, scattering smiles, good
cheer and advice to good boys and
girls and taking orders right and
left for Christmas delivery, from tin
horns to pianos! Rumors of vast
wealth and wonderful gifts for all
deserving kiddies floated in the air;
whether bonafide, or just some new
advertising stunt, remains to be
seen. In the meantime the children
are dreaming of "dreams come
true."

The Golden State Cannery has fin-

ished the run of apricots and em-
ployees have been resting since
Thursday. More machinery is being
added and the big plant being plac-
ed in ship-shape for the record
peach crop soon to be harvested.
The fruit is ripening rapidly with
the continued warm days and is siz-
ing up quite satisfactorily. The
season will open probably the first
of next week.

At the Lucas Rancho drying-yards
a few days will conclude the drying
of one of the greatest apricot crops
on record. The yards are prepar-
ing for the big run on peaches, pick-
ing of which on the Lucas ranches
will commence this week.

News of the death in Los Angeles
of Mrs. Lottie M. Stinchfield, wife
of Dr. H. C. (Bert) Stinchfield, at
the age of forty-three, came as a
shock to the friends of the family
here, who had not heard of her
serious illness. After nine months
of suffering with a severe form of
stomach trouble, bedridden and in
care of a trained nurse, the end of
all things earthly came for the suf-
ferer on Thursday at the family
home in Los Angeles. Left to mourn
the loss of a well-loved wife and
mother, are her husband, Dr. Stinch-
field, and two children, Dorothy and
Roger Stinchfield. Dr. Stinchfield,
as well as his late wife, are both
well-known in this community, the
former as the only son of the late
A. Stinchfield, who was one of the
pioneer residents of Cucamonga. The
Stinchfield grove on Archibald, at his
death, passed to his daughter-in-
law, who about two years ago leased
the property to Messrs. Miller &
Myers. Funeral services were held
on Monday afternoon in Los An-
geles. Cremation.

Making up a party motoring to
Balboa Beach for a day of delight-
ful deep sea fishing Sunday were:
Messrs. Harry, Roy and Lee Karr,
Tom Rowe, Harold Woodrow and
Ed Allen. They made a fortunate
catch, succeeding in relieving the
briny deep to the extent of nineteen
fine albacore.

Women are vain, but every bar-
ber's mirror sees some funny things.
After mixing business and pleas-
ure, business never looks the same.
When we see a man riding by
himself we wonder if he knows any-
body.

A SERIOUS FIRE HAZARD

Careless smokers, foresters point
out, are responsible for one of the
most serious fire hazards in the
country, because they fail to take
proper precautions with burning to-
bacco and matches. The prevent-
able fire waste of all kinds from
these causes averages more than
\$18,000,000 a year, according to fig-
ures published by the National
Board of Fire Underwriters. The
"tailor-made" cigarette is the prin-
cipal offender in the woods, where a
glowing "snipe" thoughtlessly toss-
ed down on the forest floor may
cost the public thousands of dollars
for fire fighting, to say nothing of
the value of timber destroyed, the
desolation of scenic beauty spots,
and the harm done to waterflow and
wild life.

Disastrous results from smoking

in the woods are most to be feared
when the inflammable material that
is nearly everywhere present be-
comes very dry. In the West this
condition is generally chronic thro-
out the summer. The increasing
popularity of the National Forests,
which were visited last year by more
than 5,250,000 motorists, tourists and
sportsmen, makes the prevention and
control of smokers' fires more and
more difficult. To lessen the fire
risk, and to set a good example, the
forest rangers and other field offi-
cers of the Forest Service have very
generally pledged themselves not to
smoke in the woods in regions and
seasons of danger.

Out of 1,000 reasons why couples
fight the main one is "because."
Maybe these reformers could stop
the fish from biting on Sunday.

ARIZONA GUESTS AT BOULTON HOME—

Mr. and Mrs. S. S. Herndon, from Tucson, Arizona, will be guests for the next few days of Mr. and Mrs. W. E. Boulton, at their Euclid Avenue home.

Mrs. J. Pugh Herndon, their daughter-in-law, has been a visitor for some time of her parents, Mr. and Mrs. Boulton, meeting several of the many friends she made while living in Upland before her marriage.

MRS. KEMP RETURNS FROM ARKANSAS—

Mrs. W. B. Kemp returned on Wednesday evening from Calico Rock, Arkansas, where she has been for the past several weeks taking care of her mother. Mrs. Kemp left the invalid in fairly good condition, although not fully recovered.

On the journey from Calico Rock to Kansas City, Mrs. Kemp says their train was in charge of guards whose duty was to prevent the strikers from putting vitriol in the water tanks of the engine. The bridge gangs and section hands are not working, an isolated man being in charge of part of the railroad that usually has from six to eight men working on the track. All trains are from 2 to 3 hours late, and Mrs. Kemp was agreeably surprised to get into Upland practically on time.

DAUGHTER ARRIVES AT C. W. ALFORD HOME—

Mr. and Mrs. C. W. Alford of Plaza Serena Court, Ontario, are receiving congratulations on the arrival of a daughter, whom they have named Alice Jane. The baby arrived on Sunday, July 30th, at the Sturges maternity home in Ontario. Mr. Alford is the well-known Boy Scout Executive of the Chaffey district, and has the heartiest good wishes of his many friends in the community on the arrival of his daughter.

MR. AND MRS. McPEEK HOSTS TO CLUB—

Members of the Pleasant View Community Club were most delightfully entertained last Saturday evening at the home of Mr. and Mrs. H. L. McPeck on West Street, with a merry program of games, contests and music.

The house was decorated with

baskets of pink hydrangeas and following an evening of fun, the guests adjourned to the cool veranda, where the hostess served refreshments.

Among those present were Mr. and Mrs. John Crabtree, Mr. and Mrs. D. O. Craig, Mr. and Mrs. R. M. Hobbs, Mr. and Mrs. Ferris Steiner, Mr. and Mrs. Thomas Harris, the Misses Elizabeth and Margaret Harris, Thomas Harris, Jr., Mrs. Charles Wing, Mrs. Josie Hewitt, Mrs. Bessie Hansen, of Fairfield, Iowa; Patrick Brennan, James Gault, H. Bauchman, Miss Opal McPeck, Clarence McPeck.

MR. AND MRS. KETCHESON LEAVE FOR CANADA—

Mr. and Mrs. T. E. Ketcheson left this morning by motor for San Pedro, where they take the steamer tonight for Prince Rupert on the first lap of a three months' trip through Canada. Their objective point is Moira, Province of Ontario, but they will take the trip slowly staying at many places en route.

Mr. and Mrs. Ketcheson will make the return journey by way of Montreal, New York, Buffalo and Chicago, expecting to be home in Upland again the first of November.

ENTERTAINS SISTER AND NIECE—

Mrs. Harry Fies has been enjoying a very pleasant visit from her sister, Mrs. Glen Wiley, and daughter, Viola, of Los Angeles, for the past few days.

Mrs. Wiley left yesterday to visit another sister, Mrs. Joseph Gaul, at San Bernardino, and on her return to Upland she will be joined by Mr. Wiley from Los Angeles, when the week-end will be spent at Camp Baldy.

BUSINESS WOMEN TO MEET NEXT TUESDAY—

The members of the Upland Business Women's Club will have their regular monthly meeting next Tuesday, August 8th, the luncheon being served in the Club Centre at the Library.

There will be a good program, and as this will be the last formal meeting of the club before the departure of Mrs. Edith S. Troeller, past president, for the Hawaiian Islands, every member will doubtless be present to wish her God speed in her new home.

Those on the luncheon committee are Mrs. J. F. Haddow, chairman, Mrs. L. R. Nichols, Mrs. M. H. Bailey, Mrs. Francis Rogers, Mrs. C. C. Danner, Miss Lillian Williams, Miss Amanda Hirschler.

IN HONOR OF MRS. E. S. TROELLER—

Complimenting Mrs. Edith S. Troeller, who has been a member of their club for several years, and who leaves for Honolulu the end of August, the G. T. Club members have arranged a delightful day of amusement which will be spent at Ocean Park, ending with a theatre party in Los Angeles.

The journey from here to the beach will be made over the Pacific Electric, and the day will be filled with the pleasures of the sea and the various forms of entertainment which Ocean Park and Santa Monica afford. No set program has been made, the party leaving in a mood to take in whatever comes first in the way of fun, and leaving the deciding vote to the guest of honor. Those planning to go are Mrs. Troeller, Mrs. H. O. Blohm, Mrs. Anna Myers, Mrs. R. R. Wise, Mrs. Fred Wilding, Mrs. B. H. Spicer, Mrs. Charles Allen, Mrs. A. M. Wisely, Mrs. Louis Kronmeyer, Mrs. E. R. Son, and Mrs. N. I. Hamer, of Pomona.

PICNIC ASSOCIATION MEETS IN I. O. O. F. HALL—

Modern Woodmen and Royal Neighbors Camp of Upland entertained the picnic association last night at the I. O. O. F. Hall. Vice-President Neighbor Elsie Giles, of Redlands, presiding.

Others from Redlands were Neighbors May, Everton, J. P. Huid, secretary of the picnic association, Neighbor M. D. Easton, and several were present from San Bernardino, Etiwanda, Rialto and Ontario.

After the meeting a jolly social hour was enjoyed, and refreshments of ice cream, cake and punch were served to fifty guests.

The annual picnic will be held on Tuesday, August 22, at the Fairmount Park, Riverside. Everyone will be made heartily welcome, so come and enjoy a day of good sports and bring home the prizes. Watch for later notices, and remember the date, August 22.

MRS. HANSON HOSTESS AT AFTERNOON TEA—

Mrs. G. A. Hanson was hostess at a very delightful tea last Tuesday afternoon to about ninety guests when she entertained in honor of her daughter, Miss Edith Hanson, of Lihue, T.H., who is spending a couple of months here; and Mrs. J. W. McKinley, of Morris, Ill., sister and guest of Mrs. Charles V. Barr, 535 Euclid Avenue.

Mrs. Hanson was assisted by Mrs. H. E. Swan and Mrs. C. V. Barr, who poured tea in the billiard room.

aided by Mrs. E. B. Harrison, Miss Elizabeth Sheppard and Miss Elizabeth Boulton. Mrs. E. J. Sanford presided at the punch bowl in the dining room.

The dining and drawing rooms were beautifully decorated with blossoms and ferns, while a huge basket of gladioli gave color to the tea table in the billiard room. Four silver candlesticks, bearing dainty French bouquets in pastel shades, gave added charm to the room.

ETIWANDA

Mrs. M. A. Orchard and daughter, Amy, had their automobile stolen a few days ago while they were shopping in San Bernardino. They think a very pleasant new acquaintance took the machine while they shopped, to drive up to Arrowhead Hot Springs, and like Rex Beach's famous character "They haven't saw him since."

They have a couple of good photographs of the man, however, and are still hoping to find the car.

Rev. and Mrs. C. W. Greenlee and family left Tuesday for their summer home at Altamont Bay. Rev. Greenlee has been on Sunday of his vacation a short time and so will return August 13 to preach as usual in the Etiwanda church.

On next Sunday and every other Sunday except the 13th, the Senior Christian Endeavorers will hold their regular meeting at the hour for church in the morning and will have no evening service on those days.

Mrs. F. E. Rader and daughter Rowe went to Los Angeles, Saturday to see Mrs. Duclose, a sister of Mrs. Rader's, who is convalescing from a surgical operation in a Los Angeles hospital. Mrs. Rader returned Sunday but Rowe stayed on and will care for her aunt out at Miss Spier's home for two weeks.

Mr. and Mrs. J. K. Spray and sons, James and Joshua, Mr. and Mrs. T. H. Hall and son, Mervin of Los Angeles, Mrs. Opal Brinderson and daughters, Lola and Patricia of Chino, Mrs. Robert Stone of Ontario, and Mrs. Frances McNeese of Winchester, Indiana, spent Sunday picnicking in Santa Ana Canyon.

Mr. and Mrs. Lynn Spafford of Brawley motored up Sunday and are spending a few days with Mr. and Mrs. J. K. Spray and sons before going to Long Beach, for a two week stay.

Mrs. A. C. Smith and daughter, Phyllis returned Sunday from Los Angeles, where they spent a few days at a house party at the home of Mr. and Mrs. Irl Teurman.

On Saturday evening Mr. and Mrs. Teurman and guests were entertained at the home of Capt. and Mrs. Brown, formerly of Newton, Kansas.

Miss Rosella Rupp of Maricopa, Mr. and Mrs. Tom McKeag of Los Angeles, and Mrs. Jack McKeag and sister, Louise of El Dorado, Kansas, spent Saturday and Sunday at the home of Mr. and Mrs. J. D. Orendorff.

On their return to the City, Mrs. Orendorff accompanied them and went on to Long Beach where she will stay for about ten days.

Mrs. Eva R. Fisher and daughter, Joy of Ontario, Mrs. Anna Werner and daughter, Eleanor of Etiwanda and Mrs. J. C. Thompson and Mrs. Harry Dills of Upland with their children picnicked Tuesday at the Chaffey Campus.

Mr. and Mrs. Lloyd Myers and son of San Bernardino, took supper here Sunday evening with Mr. and Mrs. E. T. Myers and Arthur. The Lloyd Myers family had just returned Saturday from a trip to Santa Cruz.

Mr. and Mrs. Henry Jacques spent Sunday with Mrs. Mary W. Kemp and son Sylvanus.

Mr. Ellena Claudio, who has made a neat income from his grape ranch since the country went dry, left Tuesday for a trip to his native land, Italy.

Mr. and Mrs. Harry Dills and daughter and Mr. and Mrs. J. G. Thompson, all of Upland, spent Thursday evening in the colony, dining at the home of Mr. and Mrs. A. A. Werner.

Mrs. Robertson of Pasadena is spending a few days this week here with her cousin, Mrs. Charles Donnelly.

Miss Eva Frost of Upland, daughter of Mrs. Amy Frost is visiting her grandmother, Mrs. Florence Fisher. On Sunday she was a guest of her aunt, Mrs. Clara Tilden for the day.

Recent communications from Mr. and Mrs. T. Ingvaldsen who are touring in Europe this summer report Mr. Ingvaldsen to be in much better health than at the time of their leaving here. Although from former letters it seemed as if they would soon be at home it now appears they will be contented to prolong their stay to the six months originally planned.

Messrs Curtis Smith and Donald Mueller motored to Los Angeles, Wednesday to purchase supplies for the trip they are planning to make soon to the High Sierras. The boys are planning to leave in about a week for a six week trip and during their absence they expect to climb three out of the four highest peaks in the United States.

Mrs. Kempert and two youngest children, Henry and Crystal left Thursday for Los Angeles. Mrs. Kempert has been here for six weeks caring for her mother, Mrs. Theodore Suhr who was injured when Rev. and Mrs. Suhr's car collided with the J. T. Ross truck on Etiwanda avenue. Miss Ruby Kempert is here this week from Los Angeles helping her grandmother, who is now able to get about slowly.

Mrs. Vm. Thayer who was very sick during May and June with influenza and over tired nerves is making steady gains and is going about the house again. The cutters and packers of the Stearns cannery force of about eight hundred workers are having a vacation since Tuesday night, but will go back to work next Monday on peaches. Men who are employed at the cannery are busy getting the plant in shape to handle the abundant peach crop.

Miss Leone Jacobsen has been feeling better this week after having had a rather hard time of it last week.

Mr. Rolin Hippard is at home the most of the time now, as his company has just finished the picture on which they have been working.

Mr. and Mrs. O. H. Price and family spent the week end at the Greenlee cottage at Altamont Bay.

Mr. and Mrs. Glenn Shepherd and daughters, Mr. and Mrs. Spencer Johnston and sons and Mr. and Mrs. Ray Shorey of Aberdeen, Washington, motored to Swartout, Sunday for the day. On Sunday evening the entire party ate supper at the Spencer Johnston home.

Mr. and Mrs. John Scott and family and Mrs. Rena B. Francis went to Big Bear Sunday for the day.

Misses Ruth Brownless and Isabel and Dorothy Smith, spent Sunday at Balboa Beach.

Mr. and Mrs. A. A. Werner and daughter went to Upland for Sunday dinner with Mr. and Mrs. J. G. Thompson.

ONTARIO

Youth Is Injured
Dwight Leavitt, 202 East C street, narrowly escaped serious injury and death yesterday when the bicycle he was riding on the east driveway of Euclid avenue between A and B streets was struck by the trailer of a motor car driven by John Castle, 644 Nocta street, and the youth hauled to the road.

Disregard of the "no parking" regulation against the curb of the center parkway of Euclid avenue is held responsible for the accident. The fact that two cars were so parked is said to have foiled Castle in his efforts to dodge the youth on the bicycle.

Although Leavitt was thrown to the pavement and beneath the wheels of the motor car, Castle was able to stop his machine before the wheels passed over the other and an examination by Dr. C. Sheppard, to whose office in Y. M. C. building, Leavitt was taken, showed the injuries being confined to bruises and abrasions. His bicycle was completely wrecked.

Mrs. A. Jackson of Los Angeles was struck by a passing car in virtually the same spot Tuesday night and sustained a scalp wound. The name of the driver of the car was not learned. Mrs. Jackson's injuries were attended by Dr. F. F. Abbott.

Retired Minister Succumbs
The Rev. Vernon L. Eggleston, retired Baptist minister, who suffered a breakdown in health while engaged in Y. M. C. work at Cristobal in the Panama Canal Zone about a year ago upon his return from overseas, where he was engaged in similar work, died yesterday at the home of Mayor Willard D. Ball in South Euclid avenue, Mrs. Eggleston, being a sister-in-law of Mayor Ball's.

The Rev. Mr. Eggleston came to Ontario on Christmas Eve of last year in the hope that the Southern California climate would improve his condition, but his health was in such a state that no permanent improvement was possible. He was 53 years of age.

The Rev. Mr. Eggleston was prominent in Baptist church circles for nearly 30 years, his last pastorate being at Andover, N. Y. He was engaged in "Y" work in France for a year during the war and on his return was sent to the Canal Zone. Mr. Eggleston was also prominent in Masonic circles, being a thirty-second degree Mason. He is survived by his widow.

Funeral services are to be held this evening from Draper's chapel at 7:30 with the Rev. W. Earle Smith, pastor of the First Baptist church, officiating, assisted by the Rev. A. E. Bieban, pastor of Westminster Presbyterian church. The remains are to be cremated.

Mammoth Peach Crop
The first of the week is expected to see the large canneries of the Ontario district well under way on their peach campaign, which promises to be the greatest in the history of this section.

The plant of the California Growers' Association, alone, is anticipating a payroll of \$3000 a day, according to C. M. Sheets, its superintendent. The cannery is expected to continue its rush on peaches until October 10, and will give employment during that time to 1000 persons.

According to Mr. Sheets, in excess of 10,000 tons of peaches will be handled by his plant alone, the bulk of the amount to be canned and the remainder dried. It is expected that more than 300,000 cases or over 7,000,000 cans will be turned out.

More than 62,000 cases of apricots were canned by this cannery during the season just closed and 100 tons dried as well. Much of the finished product has already been shipped, a consignment of 20,000 cases now being on its way to England.

The Growers' Association is also shipping fruit to China and other far away countries and receives orders from all over the world.

It is expected that with the peach season well under way, the daily payrolls of the canning and drying concerns of the Ontario district will run close to \$20,000 and this combined with a bumper crop of fruit at top-notch prices assures much prosperity for the city.

Many of the local dry yards will not complete their work on apricots until the middle of the coming week, but the canneries finished their runs on "cots" some time ago and are already started on peaches or preparing to do so in the next few days.

Laundry Sidelights
That an average of 1500 buttons weekly are sewed on garments hauled by his concern, was the declaration of Frank W. Northcott, manager of the Ontario Laundry, in presenting some interesting sidelights on the laundry business at the regular weekly luncheon meeting of the Rotary Club yesterday at Oma Tea Gardens. Mr. Northcott pointed out that while some of the buttons were doubtless lost in laundering, many were removed before reaching the laundry.

In connection with the laundry talk, E. H. Richardson, works manager of the Edison Electric Appliance Company and inventor of the Hotpoint Iron, recalled how the Ontario Laundry had cooperated with him in testing out the first Hotpoint irons in the early days and Fred Whyte of Pomona, who was at that time manager of the local laundry concern and now head of a company controlling many such concerns in Southern California, announced that he still had the first Hotpoint iron which was especially made for laundry use.

Yesterday's luncheon was attended by a number of visiting Rotarians from San Bernardino and Pomona.

OAKLAND PRICES DROP

Working & May, Oakland dealers, announced today a drop in the price of Oakland cars ranging from a \$175 reduction on touring cars to \$275 on sedans. The drop came as a surprise to the local firm. No reduction was anticipated as the Oakland was selling faster than delivery could be made. The fact that this firm sold thirty-six cars in the month of July shows the Oakland's popularity.

Names of recent buyers of new cars follow:
R. C. Slack, Walnut, coupe; James M. Keefer, Puente, sport; J. W. Lamont, La Verne, touring; W. F. Nequette, San Dimas, sedan; D. L. Taylor, Pomona, sedan; A. E. Wilson, Pomona, touring; Geo. S. Phillips, Pomona, roadster; S. G. Moore, Upland, touring; Gerald White, Pomona, touring; Newton Miller, Pomona, touring; J. B. Leaman, Upland, touring; H. Page, La Verne, sedan.

"Men like shy girls," says a writer. Depends on what they are shy.

Local News

William Springer, past exalted ruler of lodge 1419 B. P. O. E., gave a good report at the Elks meeting Wednesday evening, held in the Masonic Hall, Ontario, of the National Elks convention, to which he went last month. The convention was held in Atlantic City, N. J.

Mr. and Mrs. Mathews, of Arizona, who are spending the summer in Long Beach, are guests today of Mr. and Mrs. W. E. Boulton.

Mr. and Mrs. Reuben Johnson, relatives of S. J. Honeycutt, have moved into the Claassen house on Ninth Street, east of the Commercial National Bank.

Artists' Colors and Supplies, we have them.—Manker & Benson. 17-4-6

W. B. Stewart has just purchased a new 7-passenger car of Marmen make from the Valley Motor Company of Pomona. Mr. Stewart has the very latest in the way of plate glass windows, tonneau, shields, etc., on his car and will derive much pleasure from driving it.

Mr. and Mrs. William Rohrig have returned from a most delightful motor trip through California, Oregon, Washington, and across the international line into Canada. They were away six weeks, and had not the slightest trouble with tires or any machine difficulty. They are home only long enough to get ready for another trip, this time to Boston and other eastern points. They leave about the middle of this month with their two daughters, Miss Anna and Miss Elvora Rohrig, making the journey by train.

Mr. and Mrs. George Laidlaw have returned to their home on San Antonio Avenue after a pleasant holiday at Laguna Beach.

George H. Johnson, of San Bernardino, who is in the race for district attorney at the primary election, August 29th, was an Upland visitor on Tuesday, meeting several old friends and making new ones.

Miss Edith Hanson left on Tuesday night for the Y. W. C. A. conference at Asilomar. Miss Louise Harris, a teacher on the Upland grammar school faculty, accompanied Miss Hanson, and will attend the conference sessions.

Mr. and Mrs. Carlos Jacobs and baby son motored over from their home at Anaheim on Tuesday to spend the day with Mr. Jacobs' parents, Mr. and Mrs. J. G. Jacobs, of North Euclid Avenue.

Mr. and Mrs. George Barlow motored to Mill Creek Canyon on Sunday, accompanied by their daughter, Mrs. Paul Greenleaf of Riverside. The party drove to the new power plant being built at the head of the canyon by the Southern Sierra Company. Mr. Greenleaf is with the construction corps of the new building. On the return trip Mr. and Mrs. Barlow stayed the night at the Greenleaf residence, motoring back to Upland on Monday.

Mrs. Harry Chaffee and children of Compton are guests here of relatives. Mr. Chaffee will come to Upland Sunday and the family will return home with him.

Many going from here to Catalina find themselves feeling perfectly at home in the business section for in one of the principal business houses there they meet Miss Geneva Moremen and Miss Geraldine Norton, who are not only enjoying the summer but are getting experience along business lines. Mr. and Mrs. R. C. Norton were planning on a vacation at Laguna Beach, but a letter from Miss Geraldine informed her father that Catalina has an excellent golf course. Laguna will not be the vacation point of the Norton family.

A. H. Brown, brother of Mrs. W. E. Westland, was a guest here Wednesday at the Westland home. Mr. Brown is located in Los Angeles for the summer.

Mrs. Walter Hewitt and small daughter are spending this week at the Cushing cottage at East Newport Beach.

Mrs. Mary Deering, leader of the Ontario-Upland Truth Centre, has gone to Los Angeles to take up field work in connection with the Home of Truth. Her work here is being continued by Miss Weston of Los Angeles.

J. R. Richardson, of Stratford, Canada, arrived on Tuesday to visit relatives here in Upland and Ontario. He is a brother of Mrs. George L. Winter of this city and of Earl H. Richardson of Ontario.

Dr. and Mrs. H. J. Morrison, of Oberlin, Kansas, were guests last Wednesday of Mrs. W. P. Anderson at her East Tenth Street home. The eastern visitors are touring California, and Dr. Morrison was in attendance at the Dental Convention recently held in Los Angeles.

Mrs. R. C. Williams has returned from a pleasant holiday spent at the beaches.

Mrs. Richard Elliott and son, who are visiting her parents, Mr. and Mrs. T. E. Ketcheson, will return to Santa Ana on Sunday.

Mrs. Heber Clewett (Thelma Sikes) of Chino, is spending today in Upland with her aunt, Mrs. F. H. Manker, and is devoting part of her time to the public library, where she was assistant before her marriage.

Mrs. E. S. Troeller spent Thursday in Los Angeles, going in on business.

Mrs. R. B. Pallette and daughter, Miss Treva Pallette, of Valerino, have been the guests of Mr. and Mrs. C. M. Sikes for the past week. On Sunday they will accompany the Sikes to Newport, where they will spend the coming week.

Miss Fannie D. Noe was a visitor to Los Angeles on Wednesday, making the trip in on business connected with school affairs.

Mr. and Mrs. O. R. Sikes of San Pedro have been visiting relatives here and in Pomona for the past few days.

Mrs. Anna Myers, who has been spending some time at Balboa, has returned to Upland after a pleasant holiday.

GEO. H. JOHNSON IS CANDIDATE FOR CO. DIST. ATTORNEY

Attorney George H. Johnson of San Bernardino was in Upland yesterday meeting the people of this place and working in the interests of his candidacy for the position of district attorney of San Bernardino County.

Mr. Johnson is 35 years of age, has lived in this county most of his life and has practiced his profession for the past ten years. By party affiliation he is a Republican, but is making no appeal for party support because the law now makes all county offices non-partisan.

For two terms, 1913 to 1917, Mr. Johnson was the assemblyman from the Fifty-seventh district in the state legislature at Sacramento. As this city is in the Fifty-seventh district many Upland citizens will remember Mr. Johnson as assemblyman. During his service at Sacramento he was one of the leaders of the Assembly. After two terms he decided to con-

tinue with his law practice and was not a candidate again.

In 1918 Mr. Johnson waived his deferred classification under the draft and entered the army at Camp Kearney as a private. He was promoted to a corporal and with this rank went overseas with the Fortieth division. He attended the officers' training school in France and was assigned to the Eighty-Second division as a second lieutenant. He was with this division in the Argonne Forest.

Commander of Post
Last year Mr. Johnson was the post commander of the American Legion post at San Bernardino and was a hard worker in getting the post firmly established and helping his ex-service comrades get back into civil life. This year he was a member of the post executive committee and a delegate to the County Inter-Post Council of the Legion, but resigned both of these offices when he became a candidate for district attorney. He is also the assistant secretary of the San Bernardino chapter of the Red Cross, a member of the First Congregational Church there. President of the Men's Company of the church and a former member of the board of trustees of the church, for some time being president of the board.

Mr. Johnson pledges that if he is elected he will vigorously and impartially prosecute all violations of the law. On this platform he is making his appeal for support, and his friends, who are numbered by the score, point to his many qualifications and are confident that if he is elected the legal affairs of the county will be well cared for.

No matter what happens, somebody always knew it would.

One day last week a man understood what a train caller said.

"How could you tell it was me at that distance; you couldn't see my face?"
"Oh, that didn't matter. I'm very quick at figures."—Sydney Bulletin.

POINT OF VIEW

"There is no hell," says Conan Doyle;
"There is," says Henry Myers, interviewed in his Sunday clothes while changing two flat tires.

"There is no hell," says Conan Doyle;
"There is," says William Lugs, interviewed in his back yard, where he was beating rugs.

"There is no hell," says Conan Doyle;
"There is," says Ellis Kent, whose house burned down a year ago, since when he's paying rent.

"There is no hell," says Conan Doyle;
"There is," says Orville Lake, who coughs up 30 cents a pound when purchasing round steak.

"There is no hell," says Conan Doyle;
"There is," says Nellie Dare, who unbeknown to ma and pa just lately bobbed her hair.

"There is no hell," Bill White agreed, and so did Norman Howe, but their opinion has been switched—
They both are married now.

CELEBRATING KING GEORGE'S BIRTHDAY
Trooping of the colors in the Horse Guards Parade in London, England, on the birthday of King George.

TOURISTS SAY ROADS END IN THE DESERT

Complacent residents of Southern and Central California are getting jarred out of their somnolence by eastern reports in regard to the undesirable condition of the western ends of the great transcontinental highways, according to a report just issued by the Auto Club.

Sleepy tendencies on the part of those who use local boulevards and do not give a thought to the bad impressions received by all visitors entering the state over the routes leading here from the Middle West hark back to the times of the Dons, it is pointed out by those who have the welfare of motoring interests at heart.

Letters are pouring in to the Auto Club of Southern California from every point in the United States to the tune of fifty a day in regard to touring information on the highways leading across the continent, and practically every letter mentions the fear of the writer in regard to transcontinental roads.

By the end of the year there will have been 85,000 visiting motor parties arriving in Southern California.

This number would be almost doubled next year if the interstate routes in California were better, say the authorities. But California is not doing a thing about it.

It is the desire of the Auto Club to awaken the public to the point where there will be a widespread demand that action be taken at once toward the smoothing out of the road-wrinkles on the transcontinental thoroughfares within the boundary of this state.

One day last week Congress forgot and did some work.

TRADE

Charles Henry Mackintosh
As we pay others, we are paid;
Life gives us back just what we give.
And so we do not live to trade,
But trade that we may truly live.

Sales may be made in money, yes,
But they are always made to men;
And so Goodwill controls success,
Bringing folks back to buy again.

He cannot profit long or much
Who sells a single time to each;
The cost of single sales is such,
Prices rise out of common reach.

He profits most whose every sale
Creates a friend, whose kindly thought
Serves to perpetuate the tale
Of what and where and why we bought.

Such trading—like the growing grain—
Repeats itself an hundredfold.
Who trades thus makes a triple gain;
In friends, in happiness, in gold.

As we pay others, we are paid;
Life gives us back just what we give.
And so we do not live to trade,
But trade that we may truly live.

THEY KNEW THEIR DUTY

Judge Charles Boynton, a prominent member of the Republican party of Texas, says that back in the early days of that commonwealth, a fellow named Roy Bean appointed himself justice of the peace, and hung out a shingle over his office which read, "The Law West of the Pecos." One of the first cases tried before him was that of a Mexican charged with stealing a horse. His charge to the jury is undoubtedly the shortest on record: "Gentlemen of the jury, that's a greaser in the box and a hoss missing; you know your duty!"

RENEW FIGHT ON GLARING LIGHTS

Glaring headlights which blind auto drivers are going to be taboo on highways of the southern and central parts of the state.

Too many accidents are being caused by blinding headlights, say officials of the Automobile Club of Southern California. Recognizing this fact, there are going to be several raids staged against auto owners who do not properly dim their lights.

Auto club officials today issue a warning to all motorists to get their lights correctly adjusted before the law starts to make it unpleasant for all those whose lights blind the traveling public.

The State regulations in regard to the headlight adjustment provide for "two lights in front of the vehicle, of such intensity that they will reveal any substantial object for 200 feet ahead of the vehicle from one-half hour after sunset to one-half hour before sunrise, or when it is dark enough to conceal objects 200 feet ahead of the vehicle."

Legal requirements in regard to the adjusting of the lights, points out the Auto club legal department, are such that they can only be met by the use of one of the approved dimming devices as passed by the State.

But all dimming devices must be properly adjusted, and the adjustment is so technical that it can usually be best understood by a professional engineer or by an authorized adjusting station.

Motorists are advised to have their headlights correctly adjusted at once or suffer the consequences at the hands of the law.

BREA CANYON ROAD PAVING TO START

Paving of the second section of Brea Canyon, from the summit to the lower boulevard, will soon be under way and Los Angeles County Highway Commission expects to have that stretch of road in use by November 1st.

At present the Brea road is open, but decidedly rough after leaving the lower boulevard until you reach the summit. Through the town of Brea another rough portion is experienced and those who make trips from this section to Newport, East

Newport and Balboa are hoping that next summer the road from here through Brea will be completely paved, as it makes an ideal trip to the beaches.

Supervisors C. E. Grier and Cheney have stated that as soon as the Brea Canyon road is completed they will pave that portion of the road from the end of Euclid Avenue to the entrance to Santa Ana Canyon thus giving two routes to the beaches that are paved.

NO HARM DONE

Preacher—Don't you know, my boy, that you shouldn't play ball on Sunday?

Small Boy—That's all right, mister; we ain't playin', we're only practicin' for tomorrow's game!—Passing Show, London.

FOLKS

are finding that our regular, every day, honest-to-goodness prices on Shoes are less than the hip hurrah sale prices advertised by other stores.

THERE are no Better Shoes than PETER'S DIAMOND BRAND SHOES, and if everyone of you people knew the value for the money to be had here, our stock of shoes would not last one day. They are beginning to find this out.

NOTICE TO BIDDERS

NOTICE INVITING SEALED PROPOSALS OR BIDS

IN THE MATTER OF ROAD DISTRICT IMPROVEMENT NO. 18

NOTICE IS HEREBY GIVEN THAT the Board of Supervisors of the County of San Bernardino, State of California, will, on the 14th day of August, 1922, at the hour of 11:00 o'clock, A. M., thereof, at the Chambers of said Board, in the Court House, in the City of San Bernardino, receive bids and proposals for doing the work proposed to be done in and by Resolution of Intention No. 18, heretofore adopted by said Board in the matter of said Road District Improvement No. 18, which work is described as follows: to-wit:

The improvement of that certain portion of Hellman Avenue, a public road, in the County of San Bernardino, between the South line of Olive Avenue, also known as and called Olive Street, and a point Seventeen Thousand Seven Hundred Fifty (17,750) feet south of said south line of said Olive Avenue as follows:

(1) The construction of a cement concrete paved roadway, twenty-four (24) feet in width and four (4) inches in thickness, along and in the roadway of said Hellman Avenue from the said south line of said Olive Avenue to a point in said Hellman Avenue, Seventeen Thousand, Seven Hundred Fifty (17,750) feet south of said south line of said Olive Avenue, and along and in the intersection of Base Line Street with said Hellman Avenue, and along and in the intersection of each and all the other public roads intersecting said Hellman Avenue, between said points, shown on the plans; except the intersection of the State Highway. Said paved roadway and paved intersection shall be constructed in accordance with the specifications therefor, and between the points, at the places, along the lines, on the grades and in the manner shown on the plans, profiles and cross-sections therefor.

(2) (a) The construction of a cement concrete curb, sixteen inches in height, six inches wide at the top and eight inches wide at the bottom, along the curb line on the east side of the roadway of said Hellman Avenue between the south line of said Olive Avenue and a point Sixteen Hundred Seventy (16,700) feet south of said south line of said Olive Avenue, also the construction of a cement concrete curb sixteen inches in height, six inches wide at the top and eight inches wide at the bottom along the curb line on the west side of the roadway of said Hellman Avenue, between the south line of said Olive Avenue and a point Seventeen Hundred Twenty (17,200) feet south of said south line of said Olive Avenue.

(b) The construction of cement concrete curbs twenty-eight (28) inches in height, six inches wide at the top, and ten (10) inches wide at the bottom on the east side of the roadway of said Hellman Avenue, between a point (1,845) feet south of the south line of said Olive Avenue and a point Seventeen Thousand Six Hundred Forty-five (17,645) feet south of the said south line of said Olive Avenue, excepting that no curbs shall be constructed at the points shown on said plans to be occupied by

culverts, to-wit: between a point Forty-five Hundred Seventy (45,700) feet south of the south line of said Olive Avenue and a point Forty-nine Hundred Seventy (49,700) feet south of the south line of said Olive Avenue; and, also, between a point Fourteen Thousand Six Hundred Fifty (14,650) feet south of the south line of said Olive Avenue and a point Fifteen Thousand Ninety (15,090) feet south of the south line of Olive Avenue.

(c) The construction of cement concrete curbs and curb returns at the intersection of said Hellman Avenue with Base Line Street, and the construction of cement concrete curbs and curb returns at each and all other intersections of said Hellman Avenue, shown on said plans, between the south line of said Olive Avenue and a point Seventeen Thousand Seven Hundred Fifty (17,750) feet south of said south line, except the intersection of the State Highway.

(3) (a) The construction of a cement concrete wall, said wall is shown and described as Wall A on the plans, along the curb line on the east side of the roadway of said Hellman Avenue from a point Sixteen Hundred Seventy (16,700) feet south of the south line of said Olive Avenue to a point Nineteen Hundred Forty (19,400) feet south of said south line of said Olive Avenue. Said wall throughout its entire length shall be twelve inches wide at the top with a batter of one inch horizontal to twelve inches vertical on the face adjacent to the roadway, and a batter of two inches horizontal to twelve inches vertical on the other side, the latter to extend to the grade of the gutter line. From the grade of the gutter line both sides of said wall to extend downward and parallel to each other a distance of eighteen inches. Said wall to be placed upon a cement concrete footing which shall extend the full length of said wall and be six inches thick vertically and three feet wide horizontally; said wall shall be so placed upon said footing that said footing shall extend six inches beyond each side of said wall.

(b) From a point Seventeen Hundred Twenty (17,200) feet south of the south line of Olive Avenue to a point Eighteen Hundred Forty-five (18,450) feet south of the south line of said Olive Avenue, there shall be constructed a cement concrete Toe Wall shown and described as Wall "C" on the plans. This wall shall be eight inches thick on top, three feet high and fourteen inches wide at the bottom. The grade of the bottom of said wall shall be three feet below and parallel to a line which is four inches below the gutter line grade between the points above mentioned.

There shall be constructed along the west curb line of said Hellman Avenue on top of the pavement above said Toe Wall a cement concrete curb six inches high, and six inches wide extending from a point Seventeen Hundred Twenty (17,200) feet south of the said south line of said Olive Avenue to a point Eighteen Hundred Forty-five (18,450) feet south of the south line of said Olive Avenue.

(c) There shall be constructed at a point Eighteen Hundred Forty-five feet south of the south line of Olive Avenue a wall, said wall being shown and described as Wall "B" on the plans. This wall shall be constructed of cement concrete, eight inches wide on top, twenty-six inches wide on the bottom and six feet high, with a batter on the side away from the stream of three inches in twelve; said wall shall extend from a point on the west curb line of the roadway of Hellman Avenue from a point Eighteen Hundred Forty-five (18,450) feet south of the south line of Olive Avenue in a northwesterly direction, twenty-five feet to the west property line of said Hellman Avenue.

(4) Cement concrete culverts shall be constructed along the outer edge

FOR SALE

FOR SALE—A few Washington Navel and Valencia Orange, 800 Eureka Lemon trees 2 and 3 years old, uninjured by frost, \$1.25 and \$1.50 each. Trees guaranteed to grow if planted this or next month. Call first house west of San Antonio Hospital on Tenth Street, or write E. P. Passmore, 917 Dos Robles, Alhambra, Cal. 204-10

of the paved roadway of Hellman Avenue between a point Fourteen Thousand Six Hundred Fifty (14,650) feet south of the south line of Olive Avenue and a point Fifteen Thousand Ninety (15,090) feet south of the south line of said Olive Avenue and also between a point Forty-five Hundred Seventy (45,700) feet south of the south line of Olive Avenue and a point Forty-nine Hundred Seventy (49,700) feet south of the south line of said Olive Avenue; These culverts shall consist of cement concrete walls, ten inches wide on top with a batter of one inch horizontal to six inches vertical, said batter to be on the earth side of said walls, said walls to vary uniformly in height as shown upon the accompanying plans. The width of the bottom of said walls of said culverts shall be governed by the height and the batter of said walls. Each culvert shall have a cement concrete floor six inches in thickness extending the full length of each culvert. Each culvert shall have a uniform width of five feet. Excepting at the inlet and outlet of said culverts where the width shall vary from said five feet to nothing as shown on the accompanying plans.

Upon each side of the roadway of Hellman Avenue adjacent to said culverts and at the points indicated on the plans there shall be constructed an iron pipe railing. This pipe railing shall be constructed of galvanized iron pipe two inches in diameter. The vertical posts shall be spaced eight feet center to center except where otherwise shown on the plans and shall be four feet, three inches in length and extend nine inches into the concrete side wall of the culvert. The pipe railing shall consist in addition to the above mentioned vertical posts, of two horizontal pipe rails made of two inch galvanized pipe, spaced one foot, nine inches center to center, said pipe railing to be constructed true to line and painted with two coats of white lead paint.

Over the culverts, on both sides of the roadway, which are to be constructed between a point Fourteen Thousand Six Hundred Fifty feet south of the south line of Olive Avenue and a point Fifteen Thousand Ninety (15,090) feet south of the south line of said Olive Avenue at the location shown on the plans, there shall be constructed on both sides of said roadway of said Hellman Avenue and extending from the gutter line of said roadway to the outer walls of said culvert, an eight inch thick reinforced concrete slab, said slab to be reinforced by one-half inch square twisted steel bars, two feet center to center, longitudinally, and one-half inch square twisted steel bars placed six inches center to center transversely, said slab to be twenty feet long and six feet, eight inches wide.

(5) Between a point Seventeen Thousand Six Hundred Forty-five (17,645) feet south of the south line of Olive Avenue and a point Seventeen Thousand Seven Hundred Twenty-five (17,725) feet south of the south line of said Olive Avenue and on each side of the roadway of said Hellman Avenue, shall be constructed a cement concrete Toe Wall, said Toe Wall to be eight inches wide on top, fourteen inches wide on the bottom and 32 inches high; the grade of the bottom of said Toe Wall shall be 32 inches below and parallel to a line which is four inches below the gutter line grade between the points above mentioned.

The work herein provided for shall be done and performed as aforesaid, between the points, at the places, along the lines, on the grades and in the manner shown therefor on the plans, profiles and cross-sections prepared for such work and filed with the Clerk of this Board on the 5th day of July, 1922, and marked "Plans, Profiles and Cross-Sections Number 18" in the records of the above entitled matter, and the said work to be done in accordance with the specifications therefor filed with the Clerk of said Board on the 5th day of July, 1922, except as the boundaries of the district and grades therein specified may be changed at the hearing of the matter hereinafter mentioned, which specifications, plans, profiles and cross sections are made part hereof by this reference, and to which all persons are referred for further particulars as to the location and nature of said work. Said work is to be done under the provisions of the act of the Legislature of the State of California known as "Road District Improvement Act of 1907," and according to the specifications on file therefor, to which Act, and the said Resolution of intention and all proceedings had thereunder, the attention of bidders is hereby directed and by this reference the same are made a part of this notice and to all of which reference is hereby made for further particulars.

All proposals or bids shall be accompanied by a Check payable to the order of the presiding officer of the Board of Supervisors of the County of San Bernardino, certified by a responsible bank, for an amount not less than ten per cent of the aggregate of the proposal or bid, or by a bond, for said amount running to said presiding officer of the Board of Supervisors, signed by the bidder with two sureties, qualifying each, in the said amount, over and above all statutory exemptions, before an officer competent to administer an oath. Said proposals or bids shall be for the furnishing of all materials, labor, tools and equipment necessary to do said work in accordance with said plans and specifications; that bonds shall be issued for the cost and expense of said work and proceedings as provided for in the resolution of intention; said proposals or bids shall be delivered to the Clerk of said Board of Supervisors on or before said hour of 11:00 o'clock A. M., on Monday, the 14th day of August, 1922, and said Board will, in open session, at said hour, open, examine and declare the same, but no proposal or bid shall be considered unless accompanied by said check, or such bond, in terms satisfactory to said Board. The said Board of Supervisors reserve the right to reject any and all proposals or bids should it deem this for the public good, and to reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder.

HARRY L. ALLISON,
County Clerk and Ex-Officio Clerk of the Board of Supervisors, of San Bernardino County.
